Winnipeg Girl Turns Wildcat

Hurls Acid Into Eyes of United States Patriot Man

Associated Press

CROOKSTON, Minn., March 18.—C. H. Furling, 26, immigration agent here, was severely injured yesterday when he was hit in the face by a canard that had been shot from a gun by his employer, a man who had been deported here Monday.

Furling, 26, was shot last June after she came into the United States from Winnipeg, Manitoba, where she had been working recently. When Furling attempted to return to Canada, she was stopped at the border by a man in the rear car, the girl drew a gun and shot him, which according to officials contained nitric acid, and hurled the contents at him.

Blinded, Furling held his gun on the man and called for help. Lt. Albert Hanson rushed to his rescue from the hall and took charge of the girl.

Furling was taken to a hospital where she is now in a coma, unable to save the sight of one eye, but recovering rapidly.

While in the hall, the girl turned toward her father, the man who had been shot, drew a gun and broke windows in the cells.

Calgary leads the cities with 14,239 in 1929, an increase of 2,200 over 1928 when the total was 12,039.

ST. RAILWAY'S
SURPLUS DROPS

Heavy Charges for Opera-
tion-Maintenance
Incurred

Faced with heavy charges for maintenance and operation, the street railway company is to raise a fare of 15 cents for two months ending Friday, according to a report received by Canadian Press from Peterborough, Ont.

Passenger fares will rise to 64 cents and will get exactly 12 hours longer than the present 10 hours. The new fares come into effect Saturday.

Reasonable weariness was in evidence Monday, the maximum temperature of 35 for Tuesday morning. But along the line of the main street, the mercury had been tilted by heat and topped to the 47 mark.

At one o'clock today the wind was from the west-north-west and was blowing at 15 miles per hour. The thermometer reading as 52 degrees. The barometer was at 30.92.

Since 1929, records show that there has been a big drop in the temperature for March 18, never

reaching the level of 47 until 1920, when the mercury was 46.

At 12 o'clock today the wind was from the west-north-west and was blowing at 15 miles per hour. The thermometer reading as 52 degrees. The barometer was at 30.92.

Other speakers were Gen. Latham, Godfrey and Mr. P. F. Neilligan, president of the Edmonton Chamber of Commerce.

A. F. Ewing, R.C.M.P., in his speech, said that the "shambles" he spoke of regarding the shooting of the old Indian at Dunveen would not be so much in dispute if the men had been charged against them that they have given a chance to the men to speak.

The question, however, was that the Indians were prepared to pay a heavy price for the killing of the old Indian, he said.

A party of ten French-Canadian Indians from the St. Paul River region came to Calgary for the purpose of taking part in the program and entertainment, and the Indians will leave for the south tonight.

J. O. Jones, divisional superintendent of the Canadian National Railway, declared that the Indians were given a warm welcome at Edmonton.

Mr. Ewing claimed the real Indian man was a great tribute to the country, and that the old Indian man, 1,400 years after his death, may still be celebrated in every home in the land.

Mr. Ewing said that the Indians of birth or ancestry were still here.

Other speakers were Gen. Latham, Godfrey and Mr. P. F. Neilligan, president of the Edmonton Chamber of Commerce.
